

Bill 259 PH 3/12/14

Dear Judiciary Committee ,

I strongly urge you not to lower the "drug-free zone" from 1500 feet to 200 feet. I cannot imagine one positive benefit from such a change in the current law. Why would one support such a ridiculous idea.

We need to keep drug dealers away from our children and housing complexes where they can flourish.

Please do not pass legislation that will allow for such a change in the "drug-free zone" !!

Thank you for listening !!
